## **Temporary full road closure of Highway 178 across Bull Shoals Dam**

MOUNTAIN HOME, Ark. –The U.S. Army Corps of Engineers is scheduling a full road closure for Highway 178 across Bull Shoals Dam to deploy and remove equipment used to perform maintenance on the dam's sluice gates.

The road will be closed from 7 a.m. June 1 until 5 p.m. June 2.

The closure has been coordinated with local emergency and law enforcement agencies.

Please plan an alternate route through this area during the road closure. Travel to locations on Highway 178 past the Bull Shoals Dam closure will require a detour using Highway 178 and Highway 5 to Highway 126 through Midway and Gassville, Highway 62-412 through Flippin and Highway 178 through the town of Bull Shoals.

Officials from the U.S. Army Corps of Engineers Mountain Home Project Office regret any inconvenience this may cause. For more information, contact the Mountain Home Project Office at 870-425-2700.
