“Coffee with the Cops” is an open forum that is intended to be an interactive and informal gathering where residents and members of the public have an opportunity to meet, get to know and speak directly with the members of the Bull Shoals Police Department on topics relating to the City of Bull Shoals and your Police Department.

The department has many new faces and is focusing on a new Policing philosophy. The philosophy of community policing has now become the hallmark of our agency. Community Policing is, in its simplest terms, the Police and the Community forming a partnership through open lines of communication and cooperation to continually identify the needs and concerns within our community while collectively developing strategies to solve these concerns or issues in order to enhance the quality of life for our residents. This philosophy will continue to enhance the quality of life for our residents while developing a mutual respect and support between the members of the police department, our residents and business owners. We welcome and encourage your comments. We need to hear from you, our citizens, how we can earn your trust and collectively maintain the quality we are so accustomed to in our community.

We look forward to seeing you!
